Digital Wedding Photography Details:

The camera I use is an EOS Digital Canon Rebel 400D Series. I take digital photographs and adjust each file individually for maximum quality; each photo becomes a polished image airbrushed to perfection with special "Beauty Filters" resulting in attractive pictures. Select images are made into Black & White, Sepia and Selective Colour photo prints. I make one set of 4" x 6" Prints in Glossy Format. Clients also receive a CD of with all your photographs in digital format.

Tara Kelly Photography:

I'll shoot photos as outlined by the client along with my own input and suggestions. I shoot a mix of traditional and photo-journalistic styles and can take photos at your request. I like to visit the wedding site in advance, and this is at no additional charge. I suggest starting shooting photos approximately two to three hours before the wedding ceremony, starting with the bride. The photo shoot ends with the tossing of the garter and the bouquet.

Please Note: Refunds only available on actual costs of printing, not photographer's time.

Gold Package: \$1150. + HST

*** See Package Details on Page 2**

Silver Package: \$950. + HST

Bronze Package: \$750. + HST

Wedding Packages

Bronze: "The spend more money on your Honeymoon package."

- 5 Hours of Photographers time
- Choice of Color or Black and White prints to be developed in 100 4X6 Glossy prints
- 1 Traditional Wedding Album
- 1 Portraits disk (Un-watermarked) presented in a case.
- 2nd set of prints available for \$100 on top of package price in either B&W or Color
- **\$750. + HST**

Silver: "The to DIE FOR package."

- 8 Hours of Photographers time
- Choice of Color or Black and White prints to be developed in 100 4X6 Glossy prints
- 1 Traditional Wedding Album
- 1 Portraits disk (Un-Watermarked) presented in a case
- 2nd set of prints available for \$100 on top of package price in either B&W or Color
- **\$950. + HST**

** Black & White images may include selected images chosen by the photographer to be processed in "Selective Color".

These images typically include Bouquets and other little details such as ribbons, boutinears, flower details, etc.

*** Color images may also have the option to be done in "Color Pop". Not all images are suited for this type of processing. Photographer will choose select images at time of processing to be done in this technique.

Gold: "The envy of all your friends package."
